

Mission: Empower AUB students with personalized course recommendations and tutoring support to make confident academic decisions and excel in their studies.

Services:

- * AI Course Advisor - answers questions about AUB courses, majors, electives, and prerequisites.
- * Study Planner - helps organize semester schedules and balance workloads.
- * Skill Path Finder - recommends electives and minors for goals like data science, writing, or communication.
- * Tutoring Resource Hub - provides study tips and subject guidance.
- * Feedback Tracker - records common questions to improve service quality.

Team:

- * Academic Director - Dr. Layla Haddad: Oversees tutoring quality and curriculum alignment.
- * Technical Lead - Rami Choueiri: Responsible for the AUBCompass AI platform and integrations.
- * Student Success Lead - Nour Mansour: Coordinates tutoring sessions and student onboarding.

Value Proposition:

- * Combines academic expertise with intelligent guidance for fast, accurate advice.
- * Encourages students to verify choices with official AUB advisors before registration.
- * Provides consistent, supportive, and ethical tutoring help.
